Strand7 Student Version
Request for Access

Access to the Strand7 FEA Software is available to students enrolled in a recognised university course. As a student, you get access to all Strand7 modules except for the API, with no limits on model size. Access is provided through a license server managed by Strand7 Pty Limited, so you must be connected to the Internet to use the service. If you would like to request access, please read on and follow the instructions carefully.

Instructions

1. Provide the information requested below by typing directly into the fields (hand written forms will NOT be accepted).
2. ALL fields must be completed, including page 2, which requires you to provide details of a lecturer or educator who is willing to confirm your enrolment, OR an official copy of your current *Statement of Enrolment* from your university.
3. Save the completed form.
4. Email the form to student@strand7.com.

Cost

Student access to Strand7 costs AU$10 per month, plus GST (if applicable). You may purchase up to 12 months of access at a time, depending on your requirements. If you require longer access, you will need to submit a new application and pay for additional access after this access period expires.
